FITNESS FLOORING

If you're looking for indoor fitness and exercise flooring that provides exceptional footing, can hold up to the extreme pounding and heavy use of many applications, is not affected by moisture, and keeps its vibrant look and shock-absorbing characteristics for an unusually long period of time, Surface America has the right flooring system for you.

KEY ATTRIBUTES:

- Superior impact absorption & slip resistance
- Enhanced force reduction & energy restitution
- Exceptional sound & vibration absorption

IDEAL APPLICATIONS:

- Cardio
- Cross Fit
- Fitness Areas
- Free Weights
- Functional Training
- Group X
- Spin Rooms
- Sprint Tracks
- Yoga
- Locker Rooms

SYSTEM TYPES:

- Rubber Roll
- Engineered Rubber over Rubber Rolls & Tiles
- Engineered Hardwood Sections with Wood Core & Foam Understructure
- Engineered Wood-Like Vinyl over Rubber Roll
- Engineered Turf with Foam Base Roll
- Poured Rubber

SYSTEM:

EVERLAST ROLL

Surface America® Everlast Roll at fitness gym

OVERVIEW:

- 100% post-consumer recycled SBR & 100% post-industrial recycled EPDM rubber
- Not affected by moisture or extreme temperatures
- Perfect uniformity in density and thickness from roll to roll

SYSTEM:

EVERLAST ROLL

Since 1993, Surface America has completed thousands of projects and installed millions of square feet of recreational and athletic surfacing & flooring. Our projects are built to exacting specifications and guaranteed to meet expectations. We commonly fill the role of contract holder, project manager and certified installer. Surface America has the expertise and experience to play a significant role in the overall success of a project. Our staff can assist in design and planning, and manage the construction process as it relates to the installation of surfacing & flooring for recreational and athletic applications.

DATA:

- 48-in wide roll in custom lengths (in whole foot increments)
- 8 mm thickness (6 mm & 9 mm options)
- 36-in x 36-in x 8 mm Everlast Tile available with minimum quantities
- Fade-resistant/wears well
- Easy to clean: E-Cleaner, vacuum or broom and damp mop
- Fully adhered over a concrete or wood subfloor
- Non-porous
- Sound and shock absorbent
- Slip-resistant wet or dry

Specifications are subject to change without notice.
