## PLAYGROUND SURFACING

Surface America features the most complete line of bound playground surfacing in the world. Systems meet critical fall heights up to 13 feet per ASTM F-1292, which is the industry's standard test to evaluate a surfacing system's ability to absorb shock. They also conform to the requirements of the Americans with Disabilities Act and ASTM F-1951 Determination of Playground Surface Accessibility.

### KEY ATTRIBUTES:

- Slip-resistant, abrasion-resistant, wear-resistant
- Porous design
- Many colors & color combinations, logos & graphics
- IPEMA-certified, ADA-compliant

### IDEAL APPLICATIONS:

- Playgrounds
- Play Areas

### SYSTEM TYPES:

- Poured Rubber
- Turf Roll over Poured Rubber Base
- Engineered Rubber Tile

# PLAYBOUND™ POURED-IN-PLACE

Since 1993, Surface America has completed thousands of projects and installed millions of square feet of recreational and athletic surfacing & flooring. Our projects are built to exacting specifications and guaranteed to meet expectations. We commonly fill the role of contract holder, project manager and certified installer. Surface America has the expertise and experience to play a significant role in the overall success of a project. Our staff can assist in design and planning, and manage the construction process as it relates to the installation of surfacing & flooring for recreational and athletic applications.

## DATA:

- Field-applied in any configuration and dimensions
- Wet poured, two layers, troweled on site
- Base Layer: SBR (Styrene Butadiene Rubber) and polyurethane; Top Layer: EPDM (Ethylene Propylene Diene Monomer) rubber and polyurethane binder
- Typical thickness range is 1-3/4" to 5-1/2"
- Many colors and color combinations
- Porous: primarily outdoor use (indoor use less typical)
- Base Options: concrete, asphalt, crushed stone
- IPEMA certified: meets critical fall heights up to 13 feet per ASTM F-1292
- ADA compliant per ASTM F-1951 for playground surface accessibility
- Recycled material components sourced from the USA
- 7-Year Warranty (Super-7 with aromatic urethane)
- 10-Year Warranty (Extreme-10 with aliphatic urethane)

Specifications are subject to change without notice.
