INDUSTRY'S MOST COMPREHENSIVE & LONGEST WARRANTY COVERAGE

Surface America is a subsidiary of
Pennsylvania-based Ecore International.
As an Ecore company, our capabilities are
broad, our bonding capacity is great, our
financial strength is sure, our products are
best-in-class, our warranties are superior
and our approach to business is responsible.
Ecore is also a primary manufacturer of many
of Surface America's surfacing & flooring
systems, and product components, such as the
ShockPad underlayment. The combination of
Ecore's manufacturing expertise and Surface
America's contract management & installation
strength is powerful, bringing needed turnkey
options to the client.

Ecore is the only vertically integrated manufacturer in the fitness flooring industry. Its ColorMill® EPDM rubber yields the industry's most vibrant colors, a terrific complement to Ecore's highly engineered manufacturing process. The highest standards in colorfastness, density and thickness consistency, as well as general product quality and innovation, have driven Ecore to an unquestioned leadership position. Its proprietary lamination process and manufacturing capabilities have created a whole new flooring category that marries rubber underlayments to a variety of wear surfaces, including vinyl, turf and rubber.

# The Widest Collection of Recycled Materials

Every Surface America product and system is designed and manufactured with long-term performance in mind. We select the best material components available and design each surfacing & flooring system with the characteristics necessary for the application.

All Surface America products and systems are manufactured in the U.S.A. and feature materials sourced from the United States.

## ecore Athletic

Surface America is a MASTER DEALER & INSTALLER of the Ecore Athletic line of fitness and sports surfacing & flooring. Some of Ecore Athletic's products have been dominating the fitness industry for over 25 years. Other products combine tried & true components engineered with new lamination technology to yield superior performance by application. Now athletes & fitness enthusiasts of all ages can do what they love even better and for longer periods of time. Work out, play and perform on surfacing & flooring products that are engineered with the user foremost in mind.

#### **ERGONOMICS**

Ecore Athletic products are designed with specific characteristics that deliver enhanced force reduction and energy restitution, increasing comfort, reducing fatigue and enhancing results.

#### **ACOUSTICS**

Ecore Athletic products excel in sound & vibration absorption, eliminating the need for a separate acoustical underlayment. They have the perfect combination of resilience and internal dampening.

#### SAFETY

Ecore Athletic products provide superior impact absorption and excellent slip-resistant properties, sustaining a person's body to keep up with their desire for competition, training and recreation.

## INSTALLATION & CONSTRUCTION

Our expertise, experience and product offerings make us uniquely qualified to build your vision into a reality.

#### **Coast-to-Coast Installations**

Since 1993, Surface America has completed thousands of projects and installed millions of square feet of recreational and athletic surfacing & flooring. ## PLAYGROUND SURFACING

The choice is yours when it comes to IPEMA-certified & ADA-compliant systems.

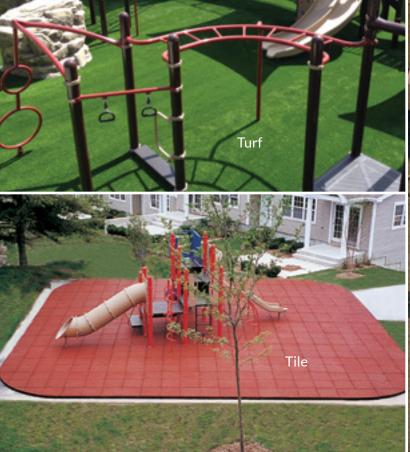

Surface America playground surfacing systems meet critical fall heights up to 13 feet per ASTM F-1292, which is the industry's standard test to evaluate a surfacing system's ability to absorb shock. They also conform to the requirements of the Americans with Disabilities Act and ASTM F-1951 Determination of Playground Surface Accessibility.

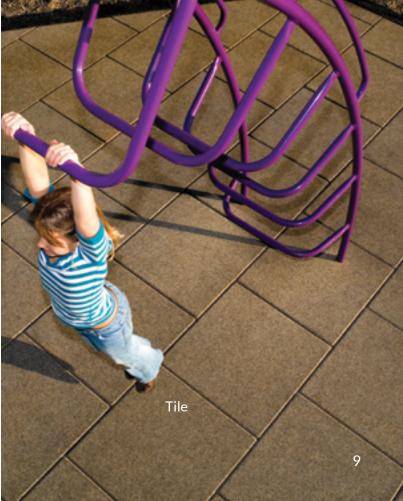

## PLAYGROUND SURFACING

The most complete line of bound playground surfacing in the world: poured-in-place, turf & tile.

PlayBound™ Poured-in-Place comes with a 7-year or 10-year warranty. The 2-layer rubber system has virtually unlimited design possibilities.

**EverTop™** is the top layer of that surface, and is commonly used in play areas outside of equipment use zones to achieve aesthetic consistency at a lower cost.

**PlayBound™ TurfTop™** has a natural grass look with no maintenance and world-class toughness.

**UltraTile™ Play** is an ultra-durable top wear layer bonded to a resilient underlayment. Its expected life is more than 100% longer than other rubber playground tiles.

- Types: poured-in place, turf & tile
- Slip-resistant, abrasion-resistant, wear-resistant
- Porous design
- Many colors & color combinations, logos & graphics
- IPEMA-certified, ADA-compliant
