TENNIS COURT SURFACING

Whether you want the fast play and smooth look of an acrylic hard court surface or prefer the classic Wimbledon style and natural look of a synthetic turf court, Surface America offers several tennis court systems well-suited for indoor or outdoor play. Exceptional footing, true bounce and long-lasting durability are key features, but Surface America's primary focus is on outstanding resilience with cushioned systems that are unusually comfortable and guaranteed to keep players competing longer. They're built for all levels of play and are ideal for other sport flooring systems like pickleball.

KEY ATTRIBUTES:

- Exceptional footing & true ball bounce
- Resilience and comfort
- Fully-adhered, perimeter-adhered and floating system options

IDEAL APPLICATIONS:

- Outdoor & Indoor Tennis Courts
- Outdoor & Indoor Pickleball Courts

SYSTEM TYPES:

- Hard Court Multi-Layer Poured Acrylic
- Hard Court Multi-Layer Poured Acrylic over Cushioned Pad
- Synthetic Turf Roll with Sand Infill

SYSTEM:

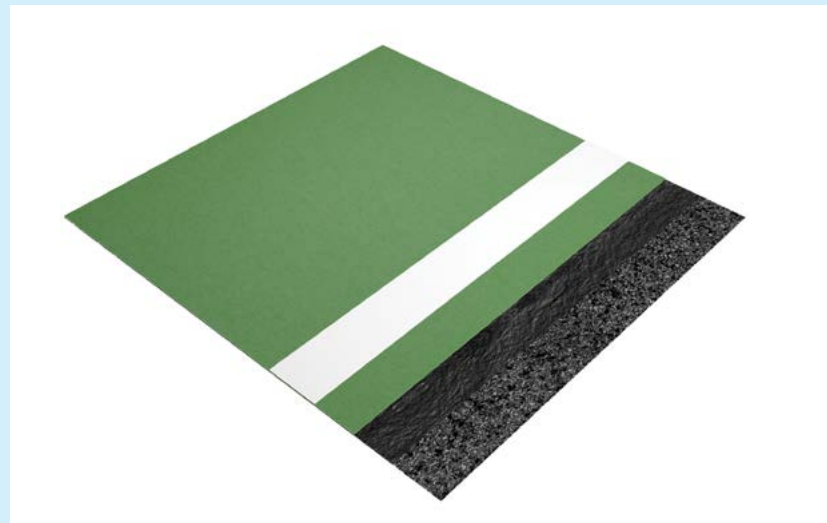

LAYKOLD® MASTERS COLOR

Surface America® Laykold® Masters Color High-Performance Tennis Hard Court

OVERVIEW:

- Factory-textured topcoat using a select blend of silica sands
- Super abrasion resistance, UV resistance, slip and wear resistance
- Indoor and outdoor use

SYSTEM:

LAYKOLD® MASTERS COLOR

Since 1993, Surface America has completed thousands of projects and installed millions of square feet of recreational and athletic surfacing & flooring. Our projects are built to exacting specifications and guaranteed to meet expectations. We commonly fill the role of contract holder, project manager and certified installer. Surface America has the expertise and experience to play a significant role in the overall success of a project. Our staff can assist in design and planning, and manage the construction process as it relates to the installation of surfacing & flooring for recreational and athletic applications.

DATA:

- Slip-resistant, wear-resistant, UV stable color acrylic sport surface
- Highly pigmented topcoat in deep, attractive, glare-free colors
- Environmentally friendly – does not contain asbestos, lead or mercury
- Long-lasting, recoatable

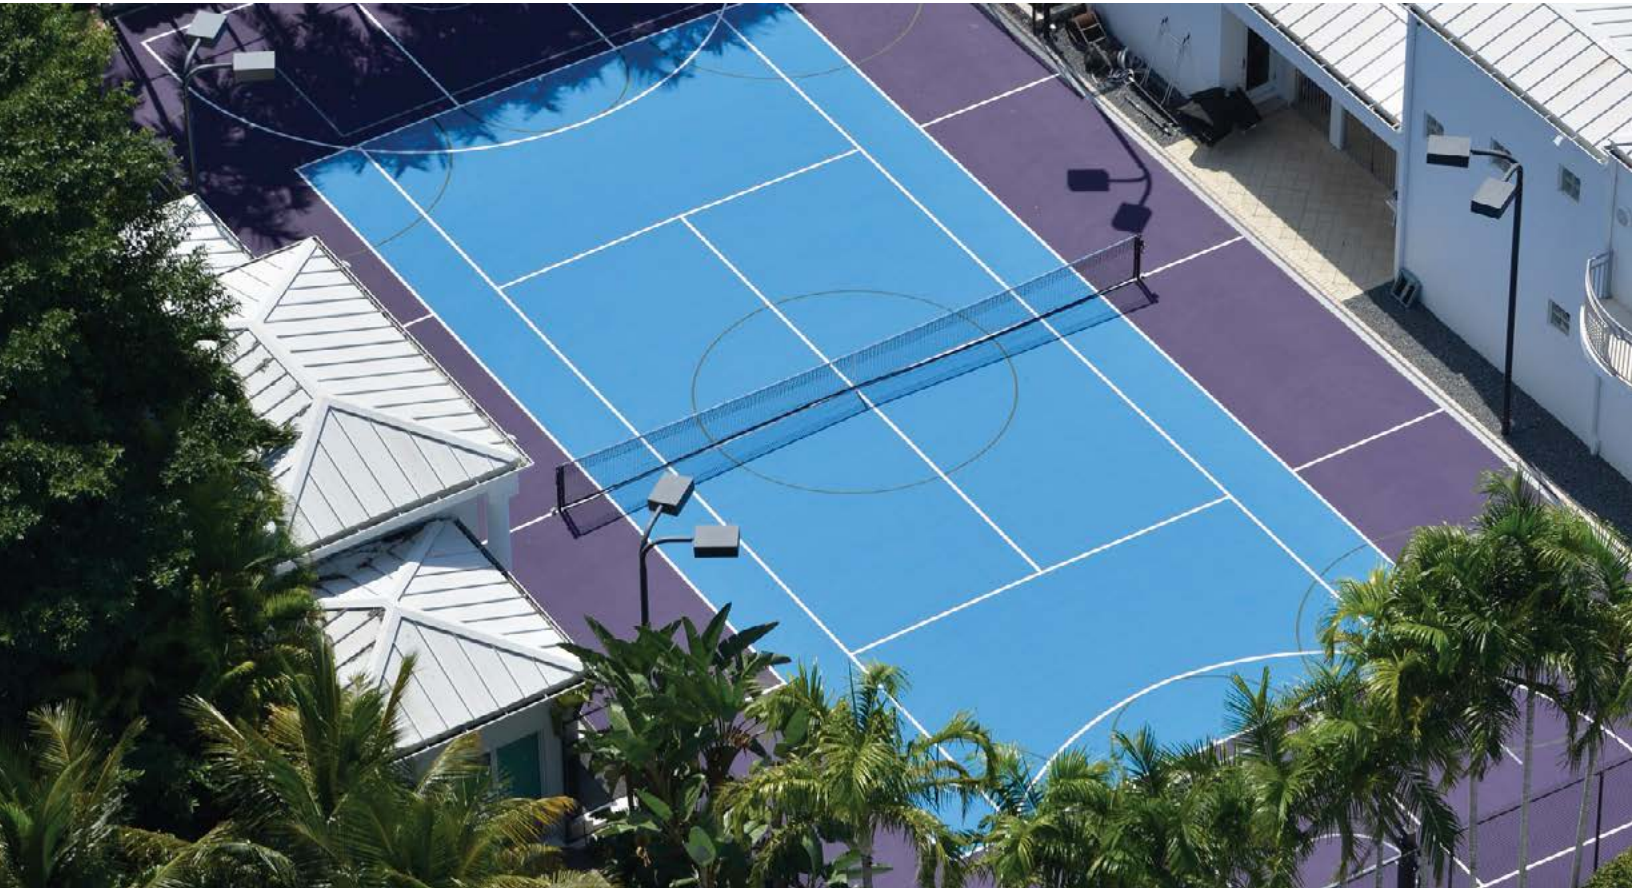

Specifications are subject to change without notice.
